

Standard Chartered

is the oldest bank in Qatar operating since 1950. Our competitive advantage is centered on the fact that the bank combines international expertise and capabilities with deep-rooted local knowledge. Key highlights include:

- First bank to introduce online banking and online treasury services
- First bank to introduce multi asset investment tool

Custody & Clearing Services

Standard Chartered has been meeting securities industry participants' needs in the Greater Asia region for over 150 years, serving a discerning client base that comprises leading North American, European and Asian institutions. We count among our clients the world's largest global custodians, broker-dealers, fund managers and institutional investors.

As one of the world's leading international banks, we bring a wealth of diverse experience combined with in-depth local market expertise and banking infrastructure to provide tailored solutions to meet your unique needs in the securities services domain in Greater Asia, Africa and Middle East.

Our current extended sub-custody network covers:

- Custody capability in-country for 39 markets across Asia, Africa and Middle East and over 60 additional markets
- Single-window service with access to domestic custody expertise
- Best-in-class asset servicing platform and reporting
- Advanced custody platform allowing event-driven processing, aggressive instruction deadlines, live transaction updates and intra-day position information

With our extensive network and comprehensive range of commercial banking solutions, we offer clients the convenience of dealing with a single provider for all their banking requirements.

Our strengths lie in our:

- Advanced information systems
- In depth local market expertise
- Integrated and flexible core services
- Strong client focus
- Total quality management

Together, these strengths enable us to give our clients an unsurpassed level of support and service.
